## Lyrics

### Now

Now that you tell me that I have to go

Now, Now it's time to realize

Now that you tell me that I have to go

Now, Now it's time to realize

What you mean to me

What you seemed to be

What it takes to see

That I love you

And if it's all too late

There's no blind fate

Playin` around

On foolish ground

And nothing else

### Serenity

When there's no one on the phone

You've got to make it on your own

The feeling's raising up to panic

You get manic – oh no

When you think you are alone

And nobody's there at home

Just relax and think of your best friend

He's waitin` at your door

Serenity, Serenity, Serenity

Come to the shelter of love

Come to the shelter of love

Come to the shelter of love

You want to change the world alone

But you have troubles on your own

Then narrow felling's getting closer

And you hardly take a breath

So let me be a part of you

`cos so much more than one are two

And all the darkness has to disappear

When love is coming near

Serenity....

All alone we are a no one

Just with a you we are someone

Let your life be a whole one

And be what you are evermore

And be what you are evermore

And be what you are evermore

Everyday

Serenity.....

### **Goin` Blind**

Whenever you are close to me  
No better place to be  
A tender gentleness appears  
Each time you are with me

You cast out every glimpse of fear  
There`s just one thing – to be  
One longing just to have you near  
`cos grace is all I see

I think of you too many times  
Your eyes are on my mind  
Your warm affection lifts me up and  
makes me  
Goin`Blind

Torn between my heart and mind  
Torn between my heart and mind  
Torn between my heart and mind  
I don`t want to be that hurtin`kind

### **You`re Precious**

You`re precious  
Nobody can say you aren`t  
You`re precious  
Nobody should say you aren`t  
You`re precious

Not a pearl  
That would be waste in compare

### **Not Miss World**

Don`t give a damn on outside beauty  
Just a girl  
Who`s loved and cared about it

You`re alive  
You`re alive  
You`re the one  
The only one that can be

### **Hurtin`Kind of Guy**

Im a hurtin`kind of Guy  
Im a hurtin`kind of Guy  
And it takes some time to fix it  
Im a hurtin`kind of Guy  
Sometimes there ain`t no fix at all  
Im a hurtin`kind of Guy

When you look at me that way  
When you look at me that way  
I know there ain`t no way to stay  
When you look at me that way
